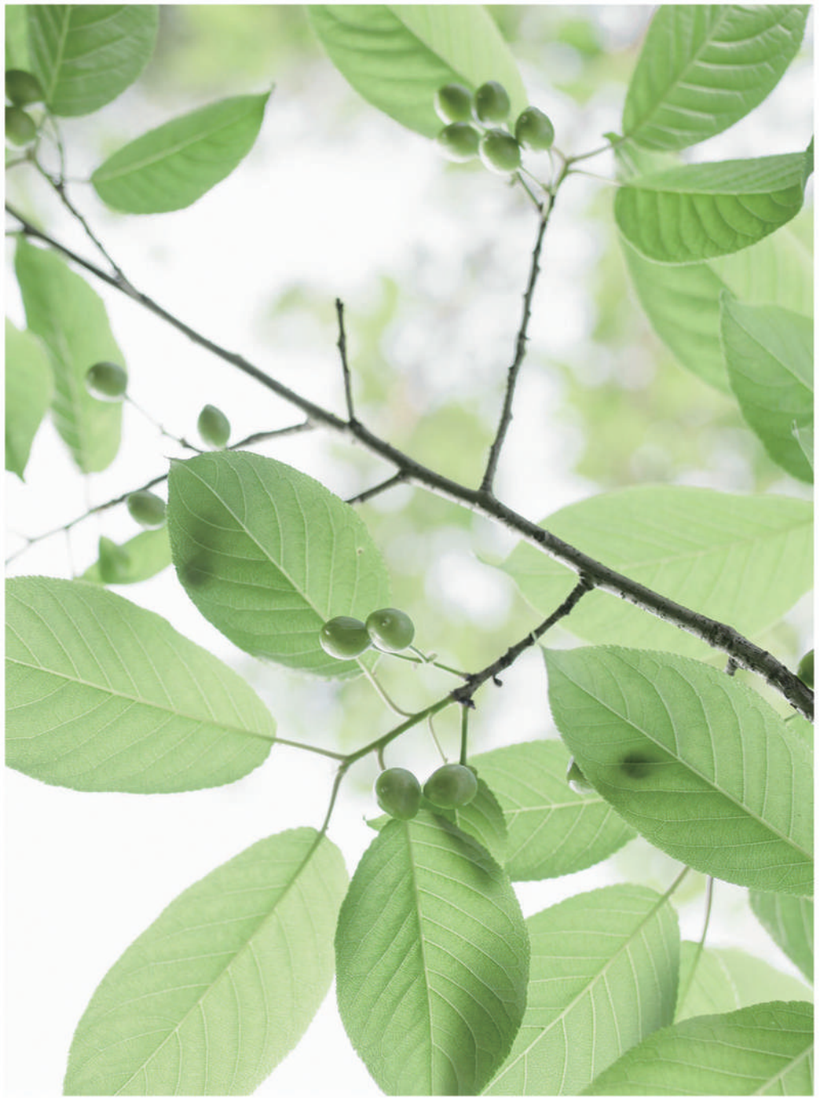
FOLIA 的名字起源于意大利语 "Le foglie- 叶子 "
FOLIA 的靠背设计融合了叶子的形状特征，所搭载的空气腰靠撑托技术犹如植物在大自然中呼吸般使背部得到充分放松，缓解人体久坐的疲劳感，创造更贴近自然的体验。

The name “FOLIA” comes from the Italian “Le foglie (leaf)”.
FOLIA’ s backrest design integrates the shape of a leaf.
The air waist supporting technique enables the back to sufficiently relax, just like a plant breathes in nature, relieving the sedentary fatigue of the human body, and bringing the user and nature closer together.



FOLIA

为现代化办公空间添加时尚感
从 FOLIA 为你打造的舒适感开始全新的一天

Add a touch of fashion to a modern office space and start the new day
with the comfort of FOLIA.

以人为本的设计
兼具丰富功能且高性价比

Person-centric design, versatile, and
a high performance/price ratio.

时尚简洁的外观设计
适用于各种工作场景

With a stylish and compact
design, FOLIA is suitable for all
kinds of workplaces.

丰富款式 随心搭配

RICH VARIATION COLLOCATION

应对不同的场景需求，FOLIA 系列特别设计高脚款座椅 . 时尚优雅的外观，
兼具各项符合人体工程学设计的实用功能，无论空间或设计，皆可随心搭配。

Various styles can be assorted to meet the needs of different environments.
FOLIA series has specially-designed high-seat chairs, with a fashionable and elegant appearance.
All products have the practical functions of ergonomics design, and they can be sorted at will
based on different spaces and designs.

贴体“自然美学”，坐拥极致舒畅

AESTHETICS IN AN ERGONOMICS DESIGN, EXPERIENCE WITH AN OPTIMAL COMFORT

触感柔和，搭载符合人体工学的“空气腰靠”撑托技术，为管理者打造舒适高效的办公空间。

With a soft tactility and an ergonomic and breathable mesh lumbar support, Folia office chair offers managers a comfortable and high-efficient working space for everyday use.

致简优雅，承载舒适

LESS IS MORE, ELEGANT AND COZY

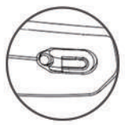
简洁，优雅。以弯管脚支撑确保提供长时间的舒适承托，可适用于会议、培训等各种场合。

The simple and elegant design of tubular steel for long-time reliable support, Folia office chair perfectly matches conferences, training and all business settings.

空气腰靠支撑技术

AIR-LUMBAR SUPPORT TECHNOLOGY

人体在长时间保持坐姿后，背部的紧张感需要得以缓解和放松。FOLIA 搭载的按钮式充气腰靠，拥有完美的支撑力和柔软度减轻脊椎负担，从而为使用者带来最舒适的撑托感。



After sitting for a long time, we need to relieve and relax the tension in the back. The button-type air cushioned waist support of FOLIA, thanks to the perfect support and flexibility, can relieve the burden on spine, and further provide the most comfortable support to the users.

体重感知功能（仅限标准款）

Auto Recline Mechanism

免去复杂的调节功能，采用体重感知构造，即背部和座位形成联动，根据使用者的体重调整最佳靠背倾仰力度。

（4 个级别锁定，最大倾仰角度：20°）

Instead of the complicated manual adjustment, the weight sensing structure (a linkage between back and seat) can adjust the best backrest strength based on the weight of the user

(4 point pivot, maximum tilt angle: 20 °)

座面高度调节

Seat height adjustment

座面高度可进行一触式调节，简单调整到自己喜欢的位置，从而随时保持自然的工作姿势。

（调节幅度：90 mm）

The height of seat can be adjusted with one touch. Simply adjust to the position you like so as to keep the natural working posture at any time.

(Range: 90 mm)

座面进深调节（仅限标准款）

Depth adjustment of seat

通过调节座面进深来满足不同体型人群的办公习惯。

（调节幅度：40 mm）

Meet office habits of people with different shapes by adjusting the width of the seat.

(Range: 40 mm)

扶手调节

2D armrest

可以根据桌面的高度以及使用者的体型、工作姿势，将扶手上下前后调节至舒适的高度。

（上下调节幅度：80mm；前后调节幅度：50mm）

Adjust the armrests up and down and front and back based on the height of tables as well as the shape and work posture of users.

(Height: 80mm; Front-to-Back: 50mm)
