

# ZANTE

Giving Your Workspace the Edge

Sophisticated.  
Collaborative.  
Modern.

The new ZANTE workstation from KOKUYO combines unparalleled design sophistication and quality materials with design flexibility for a range of different layouts and office spaces.

Configuration - Workbench

Ergonomic.  
Versatile.  
Proven.

Configuration - 120 Degree

The ZANTE workstation has been designed to suit a wide variety of office requirements enabling you to make the most effective layout plans for your workplace.

Professional.  
Premium.  
Stark.

The premium table top finishes, powder coated steel legs, combined with the thoughtful wire management systems, offer a refined and exclusive look for the most executive looking office environments.

Refined.  
Effective.  
Compatibility.

Every detail matters. ZANTE is designed not just as a workstation, it embodies our spirit in creating excellent products through finest craftsmanship and material quality. Not only does it supports your daily working needs, it is also built to impress.

# Experience Versatility.

The ZANTE workstation can be modified for most office space requirements, ranging from private desk, L-Shaped configurations, to conference table and 120 degree modular table configurations. This make ZANTE the ideal choice for configuring the perfect layout for your office needs.
