

Liberally enclosed and cozy, a meeting screen booth with a living-taste

For more information on WELL and WELL Health-Safety Rating, please visit kokuyo.jp/wellup (Language: Japanese) / v2.wellcertified.com/en (Language: English)

■ “One-piece unit” that can be easily “placed”

Chair screen booth

Standard booth for easy active discussions. Combine with tables and chairs of choice.

Web meeting booth

Standard booths for in-depth discussions with remote participants and high type booths for active discussions.

Sofa screen booth

A meeting booth integrated with a sofa for easy and comfortable conversation. A single unit that can be easily positioned in any place.

Focus screen booth

A single-person booth that provides a moderate enclosure, allowing concentration without a sense of oppression.

Utility screen booth

In enclosed areas like copy corners. The office partitions can be coordinated with the same design.

Combining a tapered shaped table for easy visibility of the monitor is also recommended

Customized order

Antibacterial (Antiviral) - Counter tops

XA1

The antibacterial and antiviral performance is applicable only to the surface of the tops. The top panel of this product will reduce the number of specific viruses on the surface, but does not guarantee prevention of infection. Further, the antiviral treatment is not intended to treat or prevent diseases. This is a SIAA registered product.
