Verta2

Sustainable Comfort | Naturally Designed

Verta2

Sustainable Comfort | Naturally Designed

Verta2 draws inspiration from nature, transforming the chair back into a living vessel. Its dual-layer resin backrest echoes the veins of a leaf, with trunk-and-branch lines that gently embrace the spine like the quiet air of a forest. As long hours of sitting become part of daily life, Verta2 reimagines the possibilities of healthy work through recycled eco-friendly materials and ergonomic contours, creating a new harmony between people and the planet.

Lightness Delivered, Performance Enhanced

In contemporary open offices, Verta2 introduces a refined balance of lightness and performance. Its breathable backrest maintains a continuous flow of air, ensuring lasting comfort in agile environments. The chair's streamlined silhouette and responsive ergonomics, offering elevated support while preserving a sense of openness and visual sophistication.

Texture Refined,
Professionalism Aligned

Within executive suites, Verta2 becomes an expression of authority and understated luxury. The rich textures and meticulously tailored upholstery create a distinguished presence, while the enhanced ergonomic structure delivers exceptional comfort for extended periods of focused work.

Insight Converged, Style Defined

In high-level conference settings, Verta2 sets the tone for thoughtful dialogue and strategic decision-making. Its elevated upholstery and sculpted contours cultivate a sense of warmth and comfort. Designed to support attentive posture throughout long discussions, the chair enhances both the visual coherence and the experiential quality of sophisticated meeting spaces.

Flexible Backrest Choices

The seat back comes in three options to suit different comfort and style preferences.

Product Function

Two-Level Back Support

The chair features a two-level back support system that allows users to adjust between two settings for improved comfort and ergonomic support.

Upright Posture

Backward Leaning

Full-Range Adjustability

The chair provides 360-degree adjustment of the seat height and depth, headrest, and armrests, allowing a personalized fit for users of different body heights, weights, and sizes.

Height Range: 150-190cm

U-shaped Contoured Seat Cushion

U-shaped seat cushion enhances enveloping support and improves overall cushioning stability

Backrest Recline Angle Adjustment

The three-level tilt settings enable smooth transitions between upright focus and relaxed recline, enhancing overall comfort.

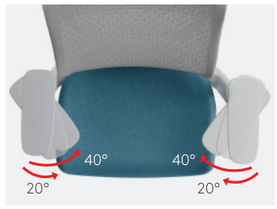

Tilting Position (3 levels) – Fixed Upright (100°), 109°, 118°

Relaxed Posture 放松

Adjustable Armrest

Left–right Rotation (2 levels)
